ELECTRICAL REGULATIONS

1. Electricity will be supplied through the Organiser only. The Official Stand Fitting Contractor has been appointed to carry out all electrical work (wiring and connection, lighting fixtures, etc) at the exhibition and the Exhibitor thereof shall pay all charges.
2. For safety reasons, only Licensed Electrical Worker (LEW) who is registered with Energy Marketing Authority (EMA) in Singapore with the Organiser's approval will be permitted to carry out electrical work on-site.
3. No installation work shall be carried out without the written permission of the Organiser or the Official Contractor.
4. Exhibitor who wish to carry out their own electrical installation using their own fittings must comply with the following:
 - Power supply will be terminating in a fuse switch or isolator. Wiring and maintenance is the responsibility of the Electrical Worker (LEW) who is registered with Energy Marketing Authority (EMA) in Singapore appointed by the Exhibitor.
 - Exhibitor who have appointed their Electrical Worker (LEW) who is registered with Energy Marketing Authority (EMA) in Singapore must submit a 'Certificate of Fitness' for turn-on of temporary electrical supply and schematic electrical wiring diagrams to the Official Contractor for verification and approval latest by **09 July 2023**.
 - No electrical installation may be suspended from the roof of the exhibition hall or affixed to any part of the building structure. No fitting may be projected beyond boundaries of the booth and must be adequately protected against excess current.
 - The Organiser reserves the right to disconnect electrical supply of any exhibitor whose installations either violate the Organiser's regulations or is deemed dangerous or is likely to cause annoyance to visitors or other exhibitors.

Non-compliance of the electrical regulations resulting in power disruption will cause a penalty charge to be levied to the Exhibitor.
